Dear Mr Bandyopadhyay

Thank you for answering my query so promptly about whether to send images separately in jpg format.

I want to take this opportunity to congratulate you on your excellent website. As far as my work at the UN is concerned, your layout easy to navigate, most comprehensive and very attractive.

It's very helpful to have the UN material posted as "latest news", then also filed under a separate UN link for easy reference. I need to find a way to encourage the managers of Loreto websites in other countries to follow your good example!

Blessings on you and your family.

Anne
